Chief Fitts, I want to fill out a complaint form on Officer Turk please. Is that something you can email to me, or do I need to come in? As you know, the body cam, dash cam, dispatch audio, police reports and my videos (they were sent to your station as well as the States Attorney) all show the complete opposite happened in this situation. Due to Officer Turk's actions, my Children and I have gone through severe emotional distress by unnecessary added conflict to an already messy court case. [redacted] had a recent DUI when he pulled her over, and her "welfare" was not fine as Officer Turk stated in my video. The BMW is also Gold, not Silver. I'm also confident that Officer Turk knew exactly who [redacted] was, considering Assistant Chief, [redacted] Daughter was sitting in the front seat. He listened to someone that he watched commit a Felony right in front of his eyes over the Mother of the Child, and before even hearing from the Mother of the Child what happened. I don't owe any explanation, however my Son was up at 3:00 a.m. with diarrhea and as his Mother I chose to keep him home from School, and that is my right. Both Children have great attendance records throughout their entire School careers. My Mom was taking my Daughter to School and Officer Turk saw her in the driveway (as my video he was shown clearly shows as well as me telling my Daughter her Grandma is taking her) County Officers confirmed on the evening of 11/16/2023 after shining a flashlight on her that my Daughter had NO marks on her, but that I did in fact have marks on me (I have it all on video). I also have 20 plus timestamped pictures of her showing she had no marks on her. Why did your Officer not get my Daughter out of the car when she told him that County didn't check her for marks and said she didn't have any, then she proceeded to tell him "I do have marks though" She said that to Officer Turk in the body cam, and he did not check to see. Why? Why did he not bring my Child back to me? Why did he THANK this lady for abducting my Child? Why did she pull up right in front of his Driveway where he was "conveniently" waiting before 8:00 a.m.? Why did he lie in dispatch audio as well as his report and say I "flagged him down"? My video shows him sitting in his driveway. WHY Is he literally COACHING my Daughter to come to his home, when he hadn't even talked to the Mom and Grandma yet?? He told them he was going to "have a chat with me" when I was the victim

and [redacted] committed a felony by kidnapping someone's Child right in front of him. Why when I called the Police Station like he told me to was I still not given the name of [redacted] "because there were notes in there?" Our Children were in my custody and care, and nobody from your Police Station would give me the name of the psychopath who thought it was completely normal to abduct my Child. Unfortunately, I have to live by Officer Turk. I want to make it VERY clear that I want to be left alone and do not want to be harassed/stalked by him simply because he goes to Cornerstone Church with my Ex and knows him. We are always told custody issues are a civil matter, however Officer Turk willingly chose to insert himself in something that he had no business inserting himself in. All to "help a buddy out." This is Police Misconduct. [redacted] is in rehab for drugs (or just got out June 11th) and has an open DCFS case. I'm understandably very upset and expect that you will hold Officer Turk accountable for his actions and make sure he leaves me and my Children alone. If you need my videos again, please let me know. Thank you,
